"Bargain Days" Here Today And Saturday

Airport Here Is Acquired By Johnson

80 Students Will Be Given Instruction At School

With the acquisition today of the Redwood City airport facilities by Victor ("Speed") Johnson, well-known aviator who formerly conducted a flying school on the local site, prospects of intensive aircraft activities were seen for this city.

The aviation school which has been conducted at the former Curtiss-Wright airport at San Mateo is being transferred to Redwood City by Johnson and his associates.

San Mateo today to be housed in the hangar at the former Sanders field at Chestnut street and the bayshore highway at the foot of Broadway. Others will be brought tomorrow, and possibilities that a new hangar will be constructed were foreseen in the fact that several private planes now stationed at San Mateo are being transferred temporarily to the Palo Alto airport because of the lack of accommodations here at present.

Among these is the plane of William Tevis Jr., polo player, who will fly out of Redwood City as soon as there is room for his ship here.

Associated with Johnson are Lieut. Harry Brown and a corps of instructors, and Eddie Edison. Approximately 80 students are expected to continue their flying instruction here.

Johnson, who is credited with thousands of miles in the air without an accident, formerly conducted the Redwood City airport with Walter Varney. Centralization of his equipment here is regarded as the first step in the development of the natural advantages of the local field, which is known as a "four-way" field because its size permits landing from any direction.

Removal of the flying school to Redwood City is the result of the starting of work on the proposed $250,000 horse racing plant at the Bay Meadows site in San Mateo by a syndicate headed by William P. Kyne.

W. G. Frost of Redwood City, engineer on the track project, began surveying today on the 120-acre tract on which the racing strip, grandstand and stables will be located.

Health Board Offices to Be Located Here

Offices of Dr. Harold Morrison, San Mateo county health officer, will be removed from the Community Hospital at San Mateo to Redwood City, the board of supervisors announced Monday.

The move is in keeping with a desire to aid the public convenience.

Offices now used by Dr. Morrison at the hospital make it necessary for the resident physicians at the institution to take up additional room that would provide seven beds, it is reported.

The health board's new offices will be in the former juvenile detention home in Redwood City.

Fire Razes House At Half Moon Bay

Approximately $3,000 damage was done to the Dennis Donovan place at Half Moon Bay Sunday morning by a fire believed to have been indendiary origin. A chain on the entrance gate was found to have been filed.

The house was destroyed, and a barn was gutted by the flames. The Donovan place is leased by W. J. Cunha.

Suit Appeal Denied By Appellate Court

Judgment of the district appellate court denying the appeal of Jose A. Lim from a $250 verdict for allegedly slashing and mutilating the clothes of his employer, Edward J. Miller, was filed today with County Clerk Elmore B. Hinman.

BARGAIN DAYS TO BE STAGED BY MERCHANTS

This morning at 8:00 o'clock Redwood City merchants will open their doors in readiness for "Redwood City Bargain Days," an event being staged under he auspices of the merchants' division of the chamber of commerce.

The event will last two days, today and Saturday, and nearly every merchant in Redwood City is participating.

All types of merchandise will be on sale for the two days and many items will probably never be offered at such low prices again.

The new valuation of the dollar points to immediate higher commodity prices, but Redwood City merchants have pledged themselves to make this sale the biggest and best ever staged here by making drastic price cuts on merchandise for the two Bargain Days.

Bright orange and black window streamers will be posted on store windows proclaiming "Bargain Days."

Tonight's and tomorrow's editions of the Tribune carry scores of money-saving offers for the shrewd shoppers who will crowd the business district to take advantage of this city-wide bargain event.

Improvement In Inspection Of Milk Aim

Health Officer Will Seek Increased Staff

Changes in San Mateo county milk and dairy inspection to improve the service so that San Francisco and Santa Clara counties will accept the milk without requiring pasteurization in those counties are being planned by Dr. Harold E. Morrison, county health officer, he reported today.

Dr. Morrison said that he would bring the matter to the attention of the supervisors at an early meeting.

The board, at its meeting Monday, threatened to adopt retaliatory ordinances against San Francisco if the requirement for pasteurization within that city is not changed.

Answering the local board, Dr. J. C. Geiger, San Francisco health officer, said he would oppose the lifting of the San Francisco pasteurizing requirements until such time as San Mateo county increased its inspection service.

Dr. Morrison said that the present service, handled by J. J. Garland, is excellent, but that it is not as adequate as it should be. "Our one-man service simply cannot compare with San Francisco's" he said.

The plan, Dr. Morrison said, will be to relieve Inspector Garland of his laboratory duties so that he could spend more time in the field.

The laboratory, to be established and maintained under state requirements, will be moved from the courthouse to the Community Hospital, Dr. Morrison said.

Jury's Award To Hallinan Is Reversed

The state supreme court today reversed the verdict of a San Mateo county jury which granted $10,000 to T. J. Hallinan, of Redwood City, against Mills Memorial Hospital, growing out of an operation Hallinan underwent in 1930, according to a United Press dispatch.

Hallinan sued the hospital, Dr. Kirk H. Prindle and Miss M. H. McKinnon, nurse, charging he suffered serious burns when anesthetics allegedly were confused.

The jury in its verdict found against the hospital, but absolved the doctor and nurse. Hospital attorneys in their appeal claimed the verdict should have been all inclusive, and on this ground the supreme court reversal is based.

Vielhauer Is Named Editor Of Tribune

Former City Editor Succeeds to Head Of Department

William Vielhauer, city editor of the Redwood City Tribune for the past six and one-half years, Monday was announced as successor to Carroll D. Hall as editor of the publication.

Announcement of the change is made by Sam H. Winklebleck, publisher, and is effective immediately.

Born in San Francisco in 1903 and educated in Oakland, Mountain View and San Jose, Vielhauer began daily newspaper work as a reporter on the old San Francisco Bulletin.

He went to that publication from San Jose State Teachers' College, where he took a course in journalism. He was on the staff of the San Jose State College Times, and edited the San Jose Evening High School "Echo." While editor of that publication, Vielhauer was awarded Theta Sigma Phi's cup at Stanford University for an editorial adjudged the best in the state to appear in any high school publication.

Before going to the Bulletin, Vielhauer gained a practical knowledge of printing and newspaper work on the staffs of the Mountain View Register-Leader and several other Santa Clara valley publications.

The new editor left the Bulletin to join the staff of the Tribune in May, 1927. Since that time he has covered the city and courthouse "beats." He has also held the position of city editor for a number of years.

Outside connections have included regular correspondence in San Mateo county for the Associated Press, San Francisco Chronicle, Oakland Tribune and San Jose Mercury Herald.

Since coming to Redwood City, Vielhauer has taken an active interest in the civic and political life of Redwood City and San Mateo county.

Dudley T. Ross, formerly associated with The Tribune has been added to the staff.

Belmont Wife Did Not Plan Death at Sea

That Mrs. Georgette M. Hyland, 50, Belmont widow, anticipated death but did not contemplate suicide in the Pacific Ocean is indicated today in instructions attached to her will, which was filed with County Clerk Elmore B. Hinman here.

Mrs. Hyland disappeared off the steamer Yale on December 26. Her cabin—No. 13—was found empty after the ship had been notified by wire that she had left a note behind hinting at suicide.

The will asked that her body be cremated and placed beside her husband at Yountville, Napa county.

It asked that Mr. and Mrs. J. W. Kempster, who are remembered in the will, pick out a headstone "as near as possible like Dion's."

Mrs. Hyland, wife of Dion Hyland, former executive of the Spring Valley Water Company, wrote the will on May 30, 1933, and deposited it in a San Francisco bank. She came to her death on December 26, seven months later.

The will names Miss Maryalice Cavanagh of Belmont, with whom Mrs. Hyland made her home, as executor. Miss Cavanagh is left $250 cash.

The estate is valued at between $10,000 and $15,000. Seven thousand dollars in cash bequests are made to 14 individuals and 17 other bequests of jewelry and clothing are recorded.

Miss Cavanagh is a partner in a an Francisco brokerage house.

Mrs. Hyland had been broken by extreme loneliness during the Christmas holidays, it was reported at the time of her disappearance. The note which she left behind said: "I am sailing and will not return." Her body was never found.

Sicilian butchers paddle their wares on the streets, and advertise their meats by carrying the head of a freshly-killed animal on a staff.

HEADS STAFF

William Vielhauer, for several years city editor of the Redwood City Tribune, Monday was placed in full charge of the editorial staff.

Dairies Charge S. F. Law Aids Competitors

San Mateo Supervisors Threaten Similar Barrier

Bottling up of San Mateo county milk producers and dealers by prohibiting the sale from delivering unrestricted in San Francisco or Santa Clara counties while San Mateo county permits easy entry of competitors from other counties, was charged Monday before the San Mateo County Board of Supervisors.

Supervisorial support toward a remedy was voted at once.

Edmund Minehan, owner of the San Mateo Farm Dairy, declared that San Francisco and Santa Clara counties forbid the delivery of San Mateo county milk unless it is first pasteurized in a plant within the confines of those counties.

But, he said, San Mateo county is "wide open" to dairy producers of other counties.

Milk Is High Grade

Supervisor Albert Witt, Colma dairyman, joined Minehan in the demand that something be done to protect the San Mateo county producers and dealers.

Witt declared that San Mateo county milk is recognized by the state board of health as the equal of both Santa Clara and San Francisco counties.

He said since it therefore is not because of a "health hazard," the barrier set up by the counties against the peninsula milk is simply a commercial boycott.

The supervisor declared that San Francisco firms are now able to dump their surpluses in San Mateo county, to cut prices locally and to force an unfair competition against the producers and dealers on the peninsula.

Board Voices Protest

Official protest to the boycott was voiced in a resolution which Minehan presented and which the board adopted on motion of Supervisor John Poole, Redwood City, and Supervisor Manuel Francis, Half Moon Bay.

The resolution demands of the San Francisco board that it permit the entry of San Mateo county-pasteurized milk. A similar resolution calling upon the Santa Clara board for the same consideration was ordered drafted by the board, and will be adopted next week.

The threat was seen in the board action that if the San Francisco and Santa Clara county boards do not treat San Mateo county dealers with the same consideration that San Mateo county does, retaliatory ordinances will be drafted.

These will require the pasteurization in San Mateo county of San Francisco and Santa Clara county milk which now has easy entry.

Mrs. W. N. Bartley Claimed by Death

Mrs. Rose C. Bartley passed away Sunday evening at the Community Hospital in San Mateo. She was the wife of William N. Bartley, the superintendant of the Pacific Gas and Electric Company sub-station on Chestnut street.

Besides her husband, she is survived by two sons, William N. Bartley Jr., and Alvin D. Bartley. She was a native of Mission San Jose.

Henry Beeger Withholds His Announcement

Dusel and Hildebrant Seek Re-Election To City Posts

Redwood City will elect three councilmen at the regular city election on April 9.

The three incumbents whose terms expire this year are Mayor William J. Dusel, Henry A. Beeger and Charles J. Hildebrant.

Of these, Mayor Dusel and Councilman Hildebrant today announced that they would seek re-election, while Mr. Beeger withheld his declaration for the present.

Several candidates for the three posts are reported considering making the race, but as yet none has announced his candidacy.

Both Councilmen Dusel and Hildebrant announce that they will seek re-election on their records in office, particularly on the basis of their work in securing an efficient city government at a reduced cost to the taxpayers.

In connection with his announcement, Mayor Dusel said:

"In announcing to the voters of Redwood City my intention to again place my name on the ballot at the coming election, I do so with the feeling that my past record as councilman and during the last two years as mayor of Redwood City is an open book on whose pages is inscribed the success in securing [illegible] taxes, economy in government, increased revenue for the city from several sources, and a sincere effort to acquire the distribution of electric energy, the profits from which would assist us greatly, as it does other cities, in securing for our citizens the recreational benefits so greatly needed here.

"My future efforts will be centered along the same lines and if my endeavors in the past have given satisfaction, your support given me will indicate that you wish a continuance along the same lines."

Mayor Dusel first won election to the board on June 11, 1929 at a special election called to fill two new posts created by the council. He again came before the voters on April 15, 1930, and was re-elected.

Councilman Hildebrant was seated September 3, 1929, succeeding to the post resigned by Councilman Edward Dearborn. He was elected to the post in his own right on April 15, 1930.

Mr. Dusel is in the real estate business, and Mr. Hildebrant in the wholesale egg business.

The opening day for filing nomination papers will be on Thursday, February 8, with the closing day on March 20, 20 days before the election itself.

February 20 will be the last day for voters to register in time for the election if they are not already registered or have lost their registration through failure to vote at either the August primary or the November general election in 1932.

County Clerk Elmore B. Hinman today pointed out that failure to vote at any of the special elections during the past year of 1933 does not cost a voter his registration under the permanent registration law now in effect.

He also emphasized that all registered voters who lost registration through failure to cast ballots in the 1932 elections received a notice to that effect from his office in January a year ago.

If a voter did not receive such a notice, he is still registered. However, in case of a change in residence from one precinct to another, it is necessary to register again.

2-1-8-0 to Be New Telephone At Courthouse

Instead of 22 telephone numbers, the San Mateo county courthouse will have but one—Redwood 2180—after the central switchboard is installed.

The installation, ordered by the supervisors Monday, will require about three to four months.

Ten trunk lines will be required to handle the courthouse business, but 20 will be provided to care for future expansion, L. C. Brown, manager of the Pacific Telephone and Telegraph Company here, reported.

Listings are now being prepared for the changes in the new directory.

SEEK RETURN TO COUNCIL

William J. Dusel (left), mayor of Redwood City, and Charles J. Hildebrant, councilman, today announced their candidacies for re-election April 9.

FLOOD CASE AGREEMENT READY FOR SIGNATURE

The dramatic battle of Constance May Gavin, wife of a Los Angeles bank clerk, for a daughter's share of the $7,500,000 estate of James L. Flood, appeared ended Tuesday with the announcement of a $1,200,000 settlement.

Announcement of the compromise was made by Theodore J. Roche, one of the attorneys of the Flood estate, the United Press reported.

"Settlement does not mean that the Flood heirs recognize Mrs. Gavin as a legitimate heir of the Flood millions," Roche said. "It merely means that they believe this course will avoid further litigation, expense, inconvenience and delay."

$137,000 in Cash

Mrs. Gavin, it was said, will receive $137,000 in cash and the balance in property. The cash was said to have been raised by sale of the Santa Margherita ranch in San Diego county. Mrs. Gavin also is to receive 5896 shares in the Flood Realty Co., with a book value of $131 a share, and about a one-seventh interest in ranches in Mendocino and Marin counties.

The settlement, according to Roche, awaits only one formality. John Taaffe, Mrs. Gavin's attorney, has not yet signed—his signature being delayed by the recent sudden death of his mother.

Mrs. Gavin, it was said, will share the fortune liberally with Taaffe, Judge Maxwell McNutt, of San Mateo county, her former attorney, and Eugene Aureguy, a private investigator, who dug up many pertinent arguments by which Mrs. Gavin asserted she was the daughter of Flood.

Long Drawn Out

The settlement ended long and bitter litigation which had dragged through the California courts for more than seven years.

Three years ago Mrs. Gavin's claims came to trial before Judge George Buck, of San Mateo county, who ordered a directed verdict against Mrs. Gavin. The state supreme court reversed the decision and ordered a new trial. The settlement came as the time for the second trial drew near after several postponements.

Testifying before Judge Buck, Mrs. Gavin said she was the daughter of Mrs. Eudora F. Willette, a former San Francisco actress, and the late James L. Flood, whose father, "Jim" C. Flood, made millions in silver taken from the famous Comstock lode of Nevada.

Mrs. Willette created a sensation at the trial when she suddenly repudiated affidavits in which she had said Flood was the claimant's father. She named the father as Jack Cannon, property man of the old Grove street theater, San Francisco. The spirit of the Jesuit Father Maraschi, who gave her priestly consolation after birth of the child, appeared and caused her to recant, the woman explained.

Happy Times Told

Mrs. Gavin claims she was accepted by Flood as his daughter. She told of "happy times" when Flood took her to Japan during her girlhood.

"Mrs. Rose Flood was a loving mother to me," she said in referring to Flood's first wife, who died in 1898. Flood then married Maude Lee Fritz, Rose's sister.

"I was ring bearer at the wedding of Maude and my father," Mrs. Gavin said. She also told of her experiences when she assertedly was sent to live with the Fritz family in Kansas City, prior to the death of Rose Flood.

She claimed she was baptized as Constance May Flood in Kansas City.

Married in 1926

Mrs. Gavin said she was returned to San Francisco from Kansas City by a nurse named Petra Michelson. Then she was placed in the Ramona convent at Shorb, now Alhambra, Cal., where she remained from the age of 8 years until she was 18. At the convent she was told she was to be known as Constance May Stearn.

Mrs. Gavin said she heard nothing from Flood or his second wife during her stay in the convent. When she left the school she went to live with Mr. and Mrs. R. N. Bulla, Alhambra, who were the parents of two of her girlhood friends. She stayed with them until 1926 when she married John P. Gavin.

Flood died February 15, 1926. He did not mention Mrs. Gavin in his will.

Title to Last Acre of Once Vast Rancho Goal of Widow

The last acre of the once vast and famous Buri Buri rancho forms an estate filed in court here Tuesday.

The rancho, which spread its acres from the bay to the ocean and from Burlingame to the San Francisco Presidio, was once owned in its entirety by the famous old Valencia family, after which Valencia street in San Francisco was named.

Today Mrs. Guadaloupe Valencia, now 91, widow of Eustaquio Valencia, filed the estate in court. It consists of the one acre of ranch on El Camino Real, at Millbrae, and has a value of $3,000.

Glen Van Buskirk is seeking letters of administration in the estate on behalf of Mrs. Valencia, who has lived on the old ranch property for 60 years. Both Valencia's estate and that of his daughter, the late Celestina Valencia, who died on June 1, 1922, are filed in court.

Valencia died on February 23, 1915.

Heirs beside Mrs. Valencia include Clara Keown, daughter, of 346 Spruce street, Redwood City, and Isabelle Mitchell, granddaughter, same address, and Genevieve Place, another granddaughter, of 410 Hudson street.

O'Keefe & O'Keefe are handling the two estates.

Improvement Of Woodside Road Studied

Trade Diversion From Redwood City Is Claimed

Plans for the improvement of Woodside road between Redwood City and Woodside were to be considered by the executive committee of the board of directors of the Redwood City Chamber of Commerce at a special meeting this afternoon.

The proposal for the improvement of the road is expected to be submitted to the county board of supervisors next Monday. Support of the local chamber for the project is sought by a number of Woodside road residents.

Diversion of natural trade for Redwood City to other peninsula communities is claimed to have resulted from the surfacing of the Sand Hill road from Woodside to the Stanford campus because of its superiority over the Woodside road to Redwood City. Another argument advanced for the proposed improvement is that it would provide easier and more direct access to the Skyline boulevard.

Members of the executive committee discussing the problem are Edward T. Harrison, chairman ex officio; G. R. Kennedy, James D. Hedge, J. E. Morrish and E. B. Hinman.

Appointment of a projects committee of the chamber to investigate and outline possible chambe of commerce work was announced today as follows: G. R. Kennedy, chairman; A. H. Davies, Bradford Kelley, Perry Bygdnes, P. A. Ryan, Charles Nelson, Dr. W. H. Taylor and T. N. Thompson.

A business license committee has also been named by Mr. Harrison, president of the chamber, to study the problem arising from the competition offered to local merchants paying licenses by those operating trucks from the outside and paying no license fees. The committee is composed of J. D. Hedge, chairman; E. R. Rolison and Vincent Maranta.

Courthouse Switchboard Authorized

Installation of a central switchboard in the San Mateo county courthouse to handle incoming and outgoing calls was ordered Monday by the San Mateo County Board of Supervisors.

Plans for the central control of telephone calls were presented by County Executive Walter Kellogg, L. C. Brown, manager of the Pacific Telephone and Telegraph Company here, and J. W. Kelley, special assistant to Manager Brown.

Kellogg told the board that one of the principal benefits will be that a check can be made on all long distance telephone calls being sent out at county expense. This one feature will result in a large saving, he said.

No material change has been made at the courthouse in the matter of a telephone system since 1909, although the population of the county has doubled in the past 20 years; the help has increased five-fold, and the taxes six-fold, Brown reported.

Kellogg told the board that the need for a centralized system has long been recognized. Among the advantages listed were that all calls coming into the courthouse would terminate at a switchboard and would be directed to the proper party by expert operators; and intercommunication between courthouse offices would be possible.

The switchboard would be conveniently located so that the girls on duty could supply necessary information for the convenience of the public.

In recognition of the need, the grand jury recently recommended a central switchboard.

The county will bear $342 expense in the installation and the company will spend $1500. The county must also pay for the services of the telephone operators.

In restoration of Nelson's flagship, the Victory, to what it was in the great sailor's day, the necessary rigging of manila rope alone cost England about $40,000.

Swapping Labels

Having been in politics all his life, it is not to be wondered at that Governor Rolph is somewhat concerned over the reported support of the Democratic party leaders in the state of Hiram Johnson for the senate. When things like this happen there is usually an understanding or trade and in this instance it probably has to do with the governorship, for what would be nicer than to have the Johnson support for the Democratic candidate in return for the Democratic vote for senator. In the meantime, what do worthy Democrats think of this idea of supporting the candidate of another party?

Out of Control

The board of equalization has issued liquor licenses to any and every one with cash to pay for them. City officials who make local laws and are responsible for seeing they are enforced, are utterly ignored. They don't exist, so far as the autocratic state board is concerned.

Watsonville, for instance, finds "the situation is worse than they had ever imagined it could be; and more licenses have been issued than at any time in pre-prohibition days."

What is the decent citizenry of California—wet and dry alike—going to do about it?

Flood Estate Distribution Planned Soon

Counsel Will Appear In Court Within Few Days

Distribution of the James L. Flood estate, held up by many years of litigation, will be placed before the San Mateo County Superior Court for approval within a few days, it became known today, following the announcement that the recognized heirs had compromised Mrs. Constance May Gavin's suit for a daughter's shore for $1,200,000.

The procedure to be followed was outlined today by John J. Taffe, attorney for Mrs. Gavin.

A brief court session will be held after the settlement agreement has been signed by all parties. Attorneys for the Flood estate will place a witness on the stand to testify that Mrs. Gavin is not a daughter of the late Mr. Flood. This testimony will not be refuted by the Gavin counsel, it is reported.

A plea for partial distribution of the estate will then be made, and a default judgment for distribution will be handed down by the court, it is expected.

Mrs. Gavin, it is understood, will receive $137,000 in cash, 5896 shares of the Flood Realty Company worth approximately $700,000 and four-twenty-sevenths of certain ranch properties.

HOW ONE MAN LOST 22 POUNDS

Mr. Herman Runkis of Detroit writes: "A few lines of thanks from a rheumatism sufferer—My first bottle of Kruschen Salts took all of the aches and swellings out of my joints—with my first bottle I went on a diet and lost 22 pounds and now feel like a new man."

To lose fat safely and quickly take one half teaspoonful of Kruschen Salts in a glass of hot water before breakfast every morning—an 85c bottle lasts 4 weeks—Get it at the Sequoia Pharmacy or any drug store in America.

If not joyfully satisfied after the first bottle—money back.

McGrath Seeking 700 More Acres For Naval Base

Purchase of 700 acres to be added to Moffett Field, the navy airship base at Sunnyvale, at a cost not to exceed $295,000 is sought in a bill introduced in congress today by Congressman John J. McGrath of this district, according to word received by The Tribune.

This additional land would be used for expanding activities at the station to include heavier-than-air work, according to plans previously considered.

The land to be purchased adjoins the present 1000-acre naval reservation to the south. Its availability was a potent argument at the time that the peninsula secured the naval air station for the Sunnyvale site.

Odd Sock Traps Two in Atherton Burglary Charge

Two men were accused of burglary Monday through the finding of the name of a Stanford student in a sock worn by one of them.

Crispula Daduba, 31, San Mateo houseboy, and Albert Tayas, 31, Five Points gardener, were arrested over the week-end by Police Chief C. L. Collins and Officer S. E. Douglass of Redwood City and Officer Roy Hubbard of Atherton.

Daduba, who was first arrested, denied accusations that he had allegedly burglarized the home of Herbert Winfree Jr., Stanford student, at Selby Lane and Almendral avenue, Atherton, last Wednesday night.

But Collins and Hubbard say he confessed when police found the name of Rackford Harris of Los Angeles, another Stanford student, in one of the socks being worn by Daduba.

Daduba gave police the name of Tayas, and he was subsequently taken into custody.

Harris, Winfree, whose father is an associate of Clarence Darrow, and Frank Burns Jr., whose father is a wealthy Hawaiian plantation owner, told police that they had lost $60 worth of jewelry and clothing in the burglary.

The accused men were to be taken before Justice Edward McAuliffe today.

Liability on the part of the county was found by the state industrial accident commission because of alleged failure to shore up the ditch to prevent its collapse.

Mrs. Georgina de Castro, the widow, was awarded $1680 in all. Half of the damages will be paid by the state industrial accident commission.

Publishers May Form Peninsula Newspaper Unit

Organization of a California Newspaper Publishers' Association unit on the San Francisco peninsula will be discussed by peninsula publishers at their next meeting on March 5, it was decided last night at a meeting of the San Mateo County Press Association at the Benjamin Franklin Hotel in San Mateo.

Edwin H. Wilder, manager of the San Francisco office of the C. N. P. A., made the suggestion that the peninsula unit be formed in a talk on the functions of the state organization. He also reported on the recent convention held at Santa Barbara.

Other matters discussed at the meeting were the proper apportionment of county printing among shops of the county, and an equitable distribution of the deliquent tax list.

Following the regular meeting printer-publishers and job printers attended the third of a series of an institute on fair pricing. The institute is being conducted by A. L. Clawson of the Porte Publishing Company of Salt Lake City.

President Hiram Cook, San Carlos Enquirer, presided. Other newspapers represented in the meeting were Belmont Courier, San Bruno Herald, San Bruno Recorder, South San Francisco Enterprise, San Mateo Times, Menlo Park Recorder, Half Moon Bay Review, Burlingame Advance-Star and Redwood City Tribune.

Smoke Is Cause of False Fire Alarm

MENLO PARK, Jan. 30.—Fears that the roof was afire were caused late yesterday when a down draft blew smoke from the chimney down close over the roof at the Ravenswood avenue home of the Rev. Ralph Smith.

A fire call was given by the Menlo Park Fire Department, but when the firemen mounted the roof they found no blaze.

School Trustee Asks Re-election

Walter Towers, a member of the Ravenswood School board for six years and president of it for three years, announced today his candidacy for re-election March 30. He is the first to file his application for a position on the board.

Mr. Towers has been a resident of the district for 13 years but is not actively connected with any organization or group.

Total capacity of all California plants equipped for generating electricity is estimated at approximately 12,000,000,000 kilowatt hours a year, or more than one-eighth of the total output of the United States.
